THURSDAY, SEPTEMBER 4, 1862.

The arrival of the clipper ship *Flying Eagle*, on Monday last, placed us in receipt of San Francisco papers of August 18th and 19th, and New York papers of July 21st. Our Eastern telegraphic advices are to August 18th. Gold had advanced a little and was quoted at 151 per cent. premium. The news of the loss of the *Golden Gate* and her treasure, which arrived in New York, will probably create a still further advance in the premium on gold.

In the Eastern markets, produce ruled at extremely low rates, but there was much speculation in articles affected by the war, sugar, coffee, tobacco, turpentine, &c. The sugar taken over by the *Speedwell*, (112,000 lbs.) was required by the Collector to be entered under the new tariff, and a deposit made of 5 cents per pound duty; but as no official copy of the tariff had been received in San Francisco, up to the 15th of August, there was some doubt whether it included the cases of the *Speedwell*. The point of doubt is said to be whether the tariff applies to foreign goods in bond on the way to American ports at the date of its passage or on the 1st of August, the date when it went into force.

In the San Francisco market quotations, we notice no special changes. Flour was receding and quoted at \$5 to \$7. Barley 14c. Potatoes 14c. The *Flying Eagle* sailed again yesterday, for Hong Kong. She did not procure freight, the *War Hawk* having last week taken all that there was ready, including 2400 sacks of superior Hawaiian flour. We notice that the *F. E.* has also a large quantity of flour on board, and is taking in cargo. She will be despatched on the 13th inst. The *Speedwell* is looked for about the 8th to 10th. The schooner *Old Fellow* returned on Monday from a sealing voyage. We learn that the expedition has not been as successful as was anticipated.

NEW BEDFORD OIL MARKET.—July 18.

Our market for Crude Sperm Oil is well sustained at \$1.30 per gallon, with sales of 1000 barrels, of 50 lbs. each, commencing at \$1.25 and closing at \$1.30. There are no holders willing to sell below these figures. Crude Whale Oil is very firmly by nearly all holders at 60c. per gallon. A few parties, however, have been disposed to take less, and the sales at 58 and 59c. have been made. It does not appear as though many more orders can be executed under 60c. per gallon.

There is a good fair demand for Whalebone, with sales of about 15,000 lbs. Arctic and Northwest coast private terms. Holders generally asking for Arctic and Ochotsk from 75 to 80c.

COMMERCIAL ITEMS.

The ship *Henry Brigham* has been sold in San Francisco by the U. S. Marshal, for \$15,000 to T. S. Nixon, Rich and others. Ship *Abigail*, of New Bedford, 310 tons, which has been in that port since August, 1860, was sold at auction on 28th July, to Simpson Hart, Esq., of New Bedford, for \$6,500. Mr. Hart bought her for Lemuel Snow and others. She will be continued in the whaling business, and sail on or about the first of August for the North Pacific, under the command of Capt. R. F. Nye, late of the *Helen Snow*, who is also owner of the *Abigail*.

Bark Augusta, formerly of Sag Harbor, and condemned as a slave, was sold at public sale, by Marshal Murray, on 18th July, for \$2,000. Her cargo—an assorted one—brought about \$4,000.

CUBA.—The great increase of American commerce in China, and particularly at Shanghai, has brought out long articles on the subject from the Chinese papers. One of them says: "Really when we reflect on the increase of American trade in China within our time, we can hardly believe the evidence of our own senses. A quarter of a century ago, the entire American shipping employed in the China trade was below 10,000 tons annually. It now amounts to at least 250,000 tons, and we positively assert that the arms of England effected the change."
